

## PUBLIC INTEREST IS LACKING IN VARIABLE SESSION OF TRADING

**Mercantile Marine Securities Are Almost the Only Exceptions, Oils and Copper Under Restraint.**

NEW YORK, Jan. 17.—The noteworthy feature of a variable market was the lack of public interest. Some of the speculative issues ascended to quotations never before attained. This was also so in mercantile securities. Most of the war shares ruled slightly over the final prices of last week. There was a steady, though moderate inquiry.

United States Steel reflected pressure of the same character as marked the recent dealings in that stock but Bethlehem Steel was more active. Oils and coppers were under the influence of Mexican conditions. Rails displayed little animation except towards the close when minor stocks broke sharply. Total sales were \$55,000 shares.

International stocks showed marked depreciation in London. Additional selling of Pacifics and coppers were reported for foreign account. Marine 41-2's were almost the sole source of strength to the bond market, other active issues manifesting an uncertain trend. Total sales bonds, \$4,070,000.

BOSTON, Jan. 17.—The further we get into the New Year the brighter the outlook appears. It is evident that the commercial demand for commodities is exactly at production and largely for domestic account. Opinion is growing that the railroads have seen the turn for the better and the increase in earnings is remarkable. People are beginning to realize what the enormous betterment of the country means. Copper stocks are being neglected and offer very attractive purchases at this level.

## MRS. OLDS ACQUITTED OF MURDER AFTER OUT FORTY EIGHT HOURS

**Walter Powell, Charged with Murder in Bisbee, Now on Trial in the Superior Court. Federal Charge Preferred.**

TOMBSTONE, Jan. 17.—(Special)—The jury in the case of the State vs. Annie M. Olds, after being out from Friday evening at five o'clock until yesterday at noon, brought in a verdict as acquittal. While there was some talk that she would not be convicted before the case went to trial, it was the general opinion, after the case had been presented by the county attorney for the State, that there would be a verdict of conviction at the hands of the jury. All sorts of rumors are rife as to how the jury stood but the most general one seems to be that on the first ballot they stood six to six. The verdict was not a popular one here and is the cause for much comment nearly as much so as did the verdict in the Haigler case a few years ago.

### Powell Case On.

The case of the State vs. Walter Powell, charged with the murder of John Brazier in Bisbee in December of last year, was called this morning. The State is represented by County Attorney Ross and Assistant Bruce Stevenson and the defendant by Attorney Kingsbury. The following jury was selected to try the case: T. P. Cowan, Geo. Gallen, P. A. Golding, J. B. Angus, Joe Cohen, C. A. Goetjens, F. B. Steels, A. L. McKay, Joe McKenna, Luther Easley, J. R. Byerly, K. H. Accord.

Most of the witnesses in the case are negroes and it is expected that the case will be concluded to tomorrow evening.

The balance of the jury panel was excused until Thursday morning at which time the case of the State vs. Louis Voelkel, charged with shooting Ed Taylor in Bisbee, will be called.

### Special Verdict.

The return of the sheriff this morning contained the names of the following jurors: Geo. Gallen, George Motz, J. B. Angus, Joe McKenna, N. W. Aylsworth, Joe Cohen, Joe Downes, Walter O'Malley, John Rife, E. L. Jones, E. M. Athey, T. C. Collier, Walter O'Malley was excused for the term.

### More Boarders.

Since Saturday the register of guests at Hotel De Wheeler has materially increased, there being eight added to the number. Douglas added six and Bisbee two. Those from Douglas were Mike Connors, charged with murder; Michael Murphy, murder; Librado Castillo, burglary; C. W. Watts, assault with intent to kill; Ramon Baca and Manuel Castro, petty larceny. Bisbee registered the following: Pedro Corona and Jose Real, petty larceny.

**Arrested for Smuggling Dope.** Leonard Melgren, a well known young man of this city, was placed under arrest here today by United States Marshal James McDonald on a warrant charging him with smuggling yen shee. According to information received here, a Mexican named Jose Ybarra, better known as Pelon, was arrested a few days ago in Douglas with a can of the drug in his possession, having just come across the line from Agua Prieta with it.

Pelon, according to the story, stated that he was sent to Agua Prieta to get the stuff by Melgren and that Melgren gave him the money with which to get it. Melgren was arraigned before U. S. Commissioner Fowler, who placed him under a \$250 bond which was furnished by his father and J. M. Montana. His preliminary examination will be held here on Thursday.

**PROBE SUBMARINE FIRING** WASHINGTON, Jan. 17.—State Department officials admitted they are investigating an affidavit by Captain Thompson of the Standard Oil steamer Petrolite, which recites how Austrian submarine fired upon and stopped the tanker off Alexandria, Egypt, and removed supplies, Dec. 5.

Officials say the affidavit does not give all the facts needed to pursue the case, but it is said to declare that fourteen shots were fired at the ship, one injuring a Danish seaman. The sub-

## IF BACKACHY OR KIDNEYS BOTHER

**Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.**

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys do you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

marine captain is alleged to have taken one of the Petrolite's crew and held him as hostage while provisions were obtained. When details are secured as to what warning was given and what response to the warning was received, the case will be taken up further. A warship has no right to take provisions from a merchant ship under certain circumstances. What these were in the present case is not clear.

### WRECK IN LOUISIANA.

CHEROKEE, La., Jan. 17.—Thirty-three passengers and a trainman were injured when an Illinois Central train was derailed near Gaza, and plunged down the embankment into the river. Many principals, and Chorus of the Dekoren Opera company are among the injured. A relief train brought the injured to Cherokee. The car on which the opera company was traveling received the worst shaking up of any coach of the train.

The derailment of the baggage car is believed to have been responsible for the wreck. It occurred at a point where there was a thirty foot embankment at an approach to a short bridge over the creek. Every car left the track. All overturned except the Pullman and the last car of the train which remained upright. The first passenger coach followed the baggage car and plunged through the bridge. The coaches dropped twenty feet but remained upright in the bed of the stream. The engineer and uninjured passengers organized a rescue party. They carried the injured from the coaches. The cold caused much discomfort.

### S'ORM IN BAKERSFIELD.

BAKERSFIELD, Jan. 17.—Sweeping with the violence of a tornado a south-west gale blew three hours in the Midway oil district, destroying property estimated at quarter million. More than four hundred derricks were blown down.

A number of engine houses were wrecked and several dwellings and bunkhouses were razed. The derricks will be replaced at a cost of \$500 each.

### FIRE TAKES TOLL

BRANDON, Man., Jan. 17.—Four are missing and are believed to have been lost while several others, employees of a department store, are seriously injured as a result of a fire of undetermined origin which swept the Syndicate Block. The loss was \$350,000. The fire spread rapidly. Several of the store employees were compelled to jump from the windows.

### DENY REQUEST

DOUGLAS, Jan. 17.—The State Department denied the request of the do facto government for permission to move six hundred cavalry across the United States to Juarez to aid in hunting the Chihuahua bandits. The refusal was based on the excited condition of the residents of El Paso.
